

Assignment 1: Introduction

Aye Nyein Thu

OVERVIEW

This exercise accompanies the introductory material in Environmental Data Analytics.

Directions

1. Rename this file `<FirstLast>_A01_Introduction.Rmd` (replacing `<FirstLast>` with your first and last name).
2. Change “Student Name” on line 3 (above) with your name.
3. Work through the steps, **creating code and output** that fulfill each instruction.
4. Be sure to **answer the questions** in this assignment document.
5. When you have completed the assignment, **Knit** the text and code into a single PDF file.
6. After Knitting, submit the completed exercise (PDF file) to the appropriate assignment section on Canvas.

1) Discussion Questions

Enter answers to the questions just below the `>Answer:` prompt.

1. What are your previous experiences with data analytics, R, and Git? Include both formal and informal training.

Answer: I have used SPSS and Gretl for my online Master thesis in early 2024. I have received an introductory R/ R-Studio course training in 2024. But, I don't know Git/ GitHub before and have no prior knowledge on it.

2. Are there any components of the course about which you feel confident?

Answer: As I have learned basic R before, I am a bit familiar with it. However, I could not say that I am a proficient user. But, I would like to learn as possible as I can.

3. Are there any components of the course about which you feel apprehensive?

Answer: I am a bit anxious about GitHub, but I am happy to learn.

2) GitHub

Provide a link below to your forked course repository in GitHub. Make sure you have pulled all recent changes from the course repository and that you have updated your course README file, committed those changes, and pushed them to your GitHub account.

Answer: https://github.com/ayenyein-thu/EDE_Fall2024

3) Knitting

When you have completed this document, click the `knit` button. This should produce a PDF copy of your markdown document. Submit this PDF to Canvas
